Mr. J. C. Weadock
Executive Vice President
Chesapeake and Potomac Airways, Inc.
Friendship International Airport
Baltimore, Maryland

Dear Mr. Weadock:

Your letter to Mr. Dulles, dated December 16, 1958, concerning the possible development of local transportation by helicopter has been referred to me.

Our new headquarters building will not be completed until sometime in 1961, and we believe it would be somewhat premature at this time to plan for the type of service you offer. At a later date when we have assessed our needs realistically, I will be glad to have someone on my staff discuss the matter with you or your representative.

Your interest in this matter is appreciated.

Sincerely,

H. Gates Lloyd
Assistant Deputy Director
